Gentle for the skin!

@Doreen\_Duan

Bar soap

Moisturizes the skin

<b>A</b>	Sodium Palmate/Sodium Palm	Up to 100%
	Kernelate	
	Titanium Dioxide	0.20%
	BHT	0.03%
<b>B</b>	<b>AQUAXYL™</b>	<b>2.50%</b>
	Water	10.00%
	Glycerin	3.00%
<b>C</b>	Parfum/Fragrance	2.00%

White Soap

**Bar soap with non cracking aspect !**

*Natural & Effective mildness to a gentle shower*

**AQUAXYL™ moisturizes the skin and increases the foam quality**

*(Xylitylglycoside - Anhydroxylitol - Xylitol)*

Moisturizing active ingredient acting on the three key parameters of hydration, it **improves the sensory profile of the foam** in cleansing applications. By stimulating the action of glycerin, and reducing its negative effects, it contributes to a **better visual aspect of the "bar-soaps"** avoiding the cracking phenomena.

*"Bar soaps with 2.5% of AQUAXYL™ achieve a softener and better skin after feel, and decrease the dryness effect"*

A formula related to **SOLID COSMETICS** concept.
